Jihun Shin

Java Developer at Cognixia
Dallas, Texas, United States

Summary

Recent JUMP graduate pursuing a Java Development career, looking to combine nearly 18 months of industry equivalence experience with a strong digital mindset to become a valued asset to your organization. George Mason University Information Technology Alumni.

Experience

Cognixia USA
Java Developer
June 2023 - Present (6 months)
Dallas, Texas, United States

Cognixia's JUMP program is a hyper-intense technical training program that gives top STEM talent from across the U.S. the equivalent of 12-18 months of industry experience. Not only do they up-skill their technical abilities, they also evolve their digital mindset to successfully adapt and utilize technology in an efficient manner so they can JUMP start their careers via deployment with Collabera clients.

- Developed a Full suite Spring Boot REST API, implementing Spring Security, Hibernate, JPA, and Mockito Test Suite
- Design Flexibility – experience with DAO and DTO design patterns, JDBC, JPA and Hibernate for interfacing with Data Persistence
- Collaborative Development – used Git CLI and GitHub under AGILE Methodology with teammates to develop a Full Stack Application

Education

George Mason University

Bachelor of Science - BS, Information Technology · (August 2018 - December 2022)
